

WE APOLOGIZE!

YES, we sincerely apologize for the cramped appearance of this week's paper. We fully realize that we should have issued an eight page paper, but owing to the scarcity of newsprint, we dare not.

At present we have not three weeks supply on hand and do not know where or when we will be able to secure any more.

Therefore, starting next week, all subscribers who have not paid their subscriptions in advance will be forced to cut. Check your label now so that you won't miss next week's issue. We are not fooling.

Topic of Food Conserv'n. Comes Before Council

This is the official record of the proceedings of Council of the Town of Wainwright at its regular meeting held in the council chamber on Tuesday, the 21st day of May, 1946.

The members of Council present at this meeting were Mayor Middleman and Councillors Robinson, Toff, Stafford, Coleman and Leggett.

The recorded proceedings of Council at their regular meeting held on May 7th, were read, and on motion of Councillor Toff were confirmed as written.

On motion of Councillor Robinson, that the letter from the Secretary of the Wainwright Public Library Association be tabled until next meeting for further consideration.

On motion of Councillor Coleman, that the Report of the Hospital Meeting held on May 10th in the Municipal Office, be received and filed for future reference.

Mr. H. T. Coutts, Chairman of the Committee of the Wainwright Peace Memorial Centre, interviewed Council in connection with the proposed site for this building and other matters connected therewith—His Worship the Mayor advised Mr. Coutts that these matters would come up for further consideration later in the meeting.

On motion of Councillor Coleman, that the communication from the Chairman of the Food Information Committee, be received, and that Council sponsor all suggested recommendations for the conservation of food in our local community so that a further supply may reach the starving people throughout the world and that our local order be asked to publish a copy of the attached letter in the "Star." (This letter will be found in other columns of this week's paper, Ed.)

On motion of Councillor Stafford, that the application of Dr. H. C. Wallace to purchase Lot 3 in Block 25, Plan 6445-V, for the sum of \$50.00 be accepted by Council pending the passing of the necessary by-law.

On motion of Councillor Stafford, that the application of Peter M. Johansen of Wainwright, to purchase Lots 22 and 23 in Block 2, Plan 6445-V, for the sum of \$48.00, be approved by Council pending the passing of the necessary by-law.

On motion of Councillor Stafford, that the letter received from the Director of Assessment, advising of an error by his Department relative to the assessment of the Calgary Power transmission lines within the Corporate Limits of the Town of Wainwright, be received, and that the minute of Council Meeting of May 7th, pertaining to this matter, be rescinded and Council approve the revised assessment of \$30,000.00 on this property.

Mr. C. A. Macdonald, representing Tanner & Co. Ltd., Investment Brokers of Calgary, was in attendance and presented to Council a letter from his firm, asking appointment by Council to negotiate, as fiscal agents for the Town of Wainwright, the \$194,000.00 Debenture issue required for the proposed water and sewer project. A lengthy discussion took place on this matter and on motion of Councillor Robinson, that the application of Tanner & Co. Ltd., Investment Brokers, to act as fiscal agents be held until we again interview the Utility Board. Motion Lost.

On motion of Councillor Robinson, that the Council of the Town of Wainwright appoint Tanner & Co. Ltd., Investment Brokers of the City of Calgary, to act as fiscal agents for the said Town, subject to the approval of the Board of Public Utility Commissioners, for the sole purpose of disposal of the necessary funds of debentures to defray the cost of the proposed water and sewer project now being contemplated. And further that all transactions concerning same shall be governed by the proposals as set out in their letter requesting this appointment.

Gov't. Food Committee Write Letter to Council

Ottawa, May 12th, 1946

Dear Sir:

To assist in meeting the grave food situation facing the world, the Canadian government is undertaking a national campaign designed to increase exports of certain staple foods: wheat, meat, eggs and cheese. To make the maximum quantities of these foods available for shipment from now until harvest, producers are being asked to deliver to markets and consumers to restrict their use of these foods.

Any assistance which you can render in making the facts of the "SAVE FOOD" programme known in your community will be a most useful contribution.

Canadians as individuals are aroused to the need for action. They have already indicated their willingness to do their share in this vital national effort. The problem is to gain wide understanding of the best ways in which we can all help make more food available to the Food Boards for shipment abroad.

There are five ways in which all of us can make a personal contribution which may tip the balance between life and death for thousands of people threatened by starvation:

1. Buy and use less bread, flour and other wheat products, meat, cheese and eggs. Substitute vegetables, fruit and fish where possible.
2. Keep your home stocks low—buy only enough for immediate requirements.
3. Avoid all waste.
4. Grow a Victory Garden again this year. Plant more this time if you can.
5. Donate any meat coupons you can spare. Enquire at your local Ration Board.

The Food Information Committee will be glad to supply you with further information on the subject which you could use.

A sustained effort by all Canadians is necessary if we are to help relieve the tragic situation facing so many of the world's peoples. Any help which you, as the leader of your community, can give in increasing public understanding of the individual's part in this programme, will be of great value.

Yours very truly,
A. M. SHAW, Chairman
Food Information Committee.

Open Letter From Home and School Assoc.

Dear Parents and Fellow workers:

For those who have not been clear as to who may become a member of the Home and School Association we would like you to note:

Any person interested in the objects for which the association is organized and resident in the school area, may become a member by payment of the fee. This fee is fifty cents in the Wainwright Home and School Association. Any person interested is welcome at a Home and School meeting whether a member or not, but membership brings certain privileges. An interested party who does not reside within the school area may become an associate member. That is a member without voting privileges. Parents of pre-school children are especially welcome.

Please remember the next meeting Thursday, June 13th at 8 p.m. in the Council Chambers. The Teen-Age Club and Kindergarten will be discussed.

Fraternally,
GEORGE ST. JACQUES
Sec. Wain. Home & School Assoc.

Car and Truck In Collision on Highway

Ottawa, May 12th, 1946

One completely demolished 1938 car, and one badly damaged 1940 Chevrolet 1 ton truck, were the outcome of an accident that happened on the highway Friday night last at approximately 10:30 p.m.

From information that could be learned it seems that Mr. Walter Kuwica, owner of the truck, Mr. Paul Lynchak and Mr. Mike Larson, all of the Irma district, left Irma Friday evening to pick up a load of gravel from the gravel pit at Kinisella. On the return trip nearly six miles out of Kinisella, the truck travelling east, met the car coming from Wainwright, and it appears that neither driver dimmed their lights resulting in a near head-on collision.

The driver of the car, which make could not be ascertained, was Mr. Ernest Benson with passenger Mr. John G. Safranca, both of Bruce.

The local detachment of the R.C.M.P. as well as the firemen, were summoned in addition to the police and ambulance from Viking. The Wainwright ambulance brought to the Wainwright hospital the truck occupants, while the Viking ambulance took the car occupants to Viking to be attended by the doctor there.

No person was seriously hurt, but the occupants of the car did receive skull bruises and minor cuts from flying glass. Mr. Walter Kuwica suffered a broken bone in left forearm. Mr. Lynchak suffered a fractured right shoulder and leg, while Mr. Larson has a cut hand as a result of flying glass.

Damage to the truck was extensive and will require in the neighborhood of \$500.00 to put it back in shape. The car we understand is a total loss and is beyond economical repair.

Former Wain. Resident Dies In Edmonton

Mrs. Stinson passed away at her home in Edmonton on April 29th, 1946, at the age of 81 years. Mrs. Mildred Nichols was born at Lajay, Alberta, May 20th, 1864, where she lived until she was married to Mr. Raymond Stinson of Wainwright on November 4th, 1904.

In 1938 she contracted tuberculosis and was placed in General Hospital at Edmonton. After cure Mildred returned to Wainwright where she lived until her husband joined the RCAF in 1941.

Later making her home in Calgary the disease returned, forcing a return to the sanatorium for three years. Becoming negative she was placed in the Royal Alexander hospital so that she could be near her children.

In January 1946 she was discharged from the hospital moving to her home at 1212-13 St. Edmonton. Three months after she took a bad turn, relapse of tuberculosis again, and passed away.

Funeral services were held on May 1st at Park Memorial in Edmonton. Her body was sent to Lajay cemetery for burial beside her father and mother.

She leaves to mourn her husband, Raymond Stinson, two daughters, Sherry age 12 and Janet age 8. One sister Mrs. Mary Peterson 9636 - 108 A Ave., one brother Mr. Thomas Nichols, 9636 - 108 A Ave., who recently returned from overseas.—Con.

In tomorrow's streamlined home, the housewife will be so busy pushing buttons she will never have time to sew any one.

C.N.R. Assoc. Ball Memorable Event

The Canadian National Recreation Association's Ball, held on Friday, May 24th has been pronounced an unqualified success.

To the delightfully rhythmic strains of a variety of tunes, played by an excellent five piece orchestra, approximately one hundred couples, comprising members of the association, their friends and acquaintances, enjoyed an unexcelled evening of measurable dancing which lasted until almost 'three o'clock in the morning'. No one, so far contacted, can remember having spent a more pleasant dancing evening.

The warmest of praise must go to Mr. Gene Grogan and his small crew of decorators for the artistic way in which the Separate School Auditorium was prepared for this Ball. It was without any doubt, the most tastefully and appropriately decorated hall seen in this vicinity in a good many years, in fact it is very doubtful if such decorations have at any time been excelled. Red and yellow, the official colors of the Canadian National system, predominated, streamers in various colors completely covering the ceiling and windows, the same color scheme was carried out on a huge panel at the back of the stage, making a most effective background for the orchestra, this panel was centered by the well known "Canadian National Railways Emblem." In addition red and green illuminated lamps and lanterns, the traditionally well known 'top' and 'go' signals on all railroads, strikingly framed the front of the orchestra stage.

Congratulations must be extended to Mr. Bill Harley and his very able lady assistants for the excellent and tasty lunch served at midnight during the intermission. This lunch left nothing to be desired and was thoroughly appreciated by all.

Donations of valuable time and in a material way were extended by many persons, and the members of the association most gratefully say "thank you" to all who contributed so generously and thus aiding in making the evening one to be long remembered.

2 Cents Per Quart Increase In Milk Effective June 1

Explaining the two cent per quart increase in Wainwright milk prices which takes effect June 1, a spokesman for local dairies made it plain this week that this increase did not mean one cent more for either milk distributors or farmers in this area.

"All that has happened is that consumers are now expected to pay the two cents share of the cost of milk which formerly was paid by the Dominion Government," this spokesman stated.

He emphasized the fact that not even a fraction of the two cents increase in price would provide increased earnings for the dairies, or would be passed along to the farmers. The price to farmers would remain at exactly the same level as during most of the war years.

He went on to explain that the legal price of milk distributed to homes in Wainwright has been nine cents for some years. This was the price fixed for fluid milk in this area by Milk Control Authorities, and concurred in by the War Prices and Trade Board. However, in order to keep down the cost of living, the government decided to give a direct subsidy to every consumer in Canada. This bonus amounted to two cents a quart and cost the Dominion Government around \$2,000,000 every month.

It is now the policy of the government at Ottawa to discontinue war time subsidies as quickly as possible and consequently the consumer's fluid milk subsidy of two cents per quart has been discontinued. This simply means that from June, the consumer must pay two cents a quart more than they have been paying in recent years.

"We sincerely hope the public understands this situation," the spokesman continued. "There has actually been no increase in price, but now consumers are being called upon to pay the share of every quart of milk which the government paid during the war."

ANNOUNCEMENT

Mr. and Mrs. L. A. Myggland of Wainwright wish to announce the engagement of their youngest daughter, Elsie Linnea to Mr. Cecil Fletcher second youngest son of Mr. and Mrs. J. H. Fletcher, Fabyan.

The wedding will take place on Wednesday, June 19th in St. Andrew's (Pres.) Church, Wainwright.

Mr. H. E. Spencer To Arbitrate Teachers Salaries This Year

Minutes of Board meeting held at the office of the Secretary on May 17th, 1946. Members present: Mr. H. E. Spencer, Chairman; Mr. T. C. Sanders, Mr. F. E. Dixon, Mr. Wm. Lawson, Mr. C. Dallyn, Mrs. A. McLeod.

Minutes of the last meeting were read and adopted as read.

Discussion re oil burning heaters took place and the secretary was instructed to obtain information from Carl Anquetil re same.

The Board recommended that the windows at the Doley School be changed to give adequate light to the pupils and that Mr. Reid be asked to make the necessary changes as soon as possible.

Moved by Mr. Sanders that Mr. Spencer be appointed as conciliator and arbitrator re salary schedule for the year 1946-47. Carried.

Moved by Mr. Lawson that we adjourn until 1:30 p.m. Carried.

Report on Dormitory was given by Mr. Coutts and it was recommended that the office with Mrs. McLeod consider the applications for supervisor of the Dormitory on May 1st. Successful applicants be advised on that date.

Moved by Mr. Dixon that the superintendent's Report be adopted. Carried.

Moved by Mrs. McLeod that Mr. Allen's tender for the buildings be accepted. Carried.

The wire around the Airline school grounds was to be advertised for sale through Mr. Dallyn.

Moved by Mr. Spencer that the

Dormitory be opened for public inspection as soon as completed. Carried.

Moved by Mrs. McLeod that we order ten re-conditioned typewriters from supply houses in Edmonton. Carried.

The Secretary was instructed to obtain permission from the minister for the sale of Rosemary School building, and arrange for legal transfer as soon as possible.

Moved by Mr. Dallyn that the committee be appointed be authorized to consider applications received for the position of Dormitory. Carried.

Moved by Mr. Sanders that accounts be paid in the amount of \$10,000.00 to be recorded in the minutes of the meeting. Carried.

Moved by Mr. Spencer that the next meeting of the Board be held on June 21st, 9:00 a.m. Carried.

Moved by Mr. Dixon that Mr. Lawson and Mr. Sanders attend the zone branch meeting as delegates: meeting to be held at Viking on Wednesday, June 13th, Carried.

Moved by Mr. Sanders that the Scholarship Fund be increased by \$100.00 and the total divided equally among four selected pupils at the grade nine level—2 boys and 2 girls—effective in 1947. Carried.

Moved by Mr. Dallyn that the following schedule of dates be set as days for trustees and repairmen to visit schools throughout all sub-divisions. Carried.

Subdivision 1—May 26th and 31st, effective in 1947. Carried.

Subdivision 2—June 3rd and 4th, Mr. T. Sanders.

Subdivision 3—June 17th and 18th, Mr. F. Dixon.

Subdivision 4—June 24th and 26th, Mr. H. Spencer.

Subdivision 6—June 10th and 11th, Mr. C. Dallyn.

Moved by Mrs. McLeod that we adjourn. Carried.

The Wainwright Agricultural Service Board with Messrs. Smale, Sanders and Nysevoid present, met in the Council Chamber of the Municipal District of Wainwright No. 61 on Saturday evening, May 25th at 8 p.m.

Mr. Smale, Chairman of the Board, explained that the meeting had been called to appoint a Field Supervisor.

The Secretary read the Minutes of the Meetings of May 4th and 9th. Moved by Mr. Sanders that the Minutes be adopted as read. Carried.

Mr. F. Maddix and Mr. R. G. Beatty both interviewed the Board with reference to the position of Field Supervisor.

After considering the applications and recommendations of the two applicants and after some discussion with reference to salary, the following motion was made.

Moved by Mr. Nysevoid that Mr. Maddix be appointed Field Supervisor of the Field Supervisor. It was decided that Mr. Maddix commence his work on June 2nd, 1946.

No more business on hand. Moved by Mr. Sanders that the meeting adjourn, the next meeting to be at the call of the Chair. Carried.

By the way, what did insects live on before insect sprays were invented?

A STATEMENT AS TO

Why Milk Prices Will Advance

Every consumer of milk in Canada is being called upon to pay two cents more a quart for this most important food. This is NOT an increase in the true sense of the word. Neither your dairy nor a farmer who produces milk will benefit in the slightest degree.

During the past three years the Government has actually paid TWO CENTS on every quart of milk purchased by consumers in Canada. Every cent of this subsidy was passed along to consumers by your dairy, not a fraction was retained for the very considerable amount of work it entailed.

Now the Government has decided to discontinue the CONSUMERS' MILK SUBSIDY. Your dairy is NOT increasing the price as a result. The increase which you must pay will not mean a cent more to either your dairy or to farmers. You are being called upon to pay the TWO CENTS instead of the Government paying it for you.

Smart Women Brighten Homes By Personal Loan Financing

INSTALLMENT REFINANCE PLAN MAKES BUYING FOR CASH SIMPLE

When cash is not readily available to buy new slip covers, curtains, drapes and such like, or to take care of that long overdue paint job around the house, many women are consulting with their husbands and getting them to arrange the necessary financing through the Bank of Montreal.

The procedure is simple—a personal loan repayable in easy monthly instalments. The cost is very low: just 27 cents a month for each \$100 borrowed when repaid over a 12-month period. Nowhere can you borrow for less, or on more convenient terms.

If you would like to do a spring improvement job around your home, tell your husband to see Mr. L. W. Smith, manager of the Bank of Montreal.

He is ready, willing and glad to help in providing the wherewithal for this and a score of other useful purposes.—ADVE.

Ratepayers Meeting

The annual ratepayers meeting of the Wainwright Municipal Hospital District No. 17, will be held on—

Thursday, June 20th

AT

2:00 p.m. in the MASONIC HALL

All ratepayers of said hospital district are urged to attend this meeting as important business is to be discussed and officers reports will be given. (12-6)

EDGERTON

Service next Sunday June 2nd will be Evening at 7:30 p.m. Holy Communion will be celebrated the following Sunday, June 9th at 10:30 a.m.

One of the oldest businesses in town has changed heads. Mr. P. S. Pawsey has sold his store to the Co-operative Association. Mr. Calvin D. Archer has purchased the Co-operative store building, which he plans to operate as a hardware store and implement agency.

The "Skit Club" chartered the bus and went to Wainwright to see the film "Spanish Main."

Ronny Pawsey has taken delivery of his plane. The pilot who brought it down has been taking up passengers for short flights.

Mr. and Mrs. A. W. Montgomery were visitors to the city during the week.

Bob Leggett and friends from Wainwright were visitors at the George Sawyer home Sunday.

The completion of the cement sidewalks on the first section of Main Street are a great improvement.

Don Hallett and family from Edmonton have been visiting at the Hallett home.

Mrs. Dud Sawyer has purchased the lady's wear shop from Mrs. R. E. Stratton. Mrs. Stratton left for Victoria, B.C., where Russ' mother is quite ill.

The Wainwright ball team came down for the first league game Sunday, game ended in a win for Edgerton 12-11.

The Jeffcoat family left on Sunday morning's flight for a visit at the coast.

WHITE CLOUD

Miss Betty Vegso returned home last Tuesday after helping Mrs. Taylor of Irma for a few days.

Miss Arthur spent last week-end at her home.

Miss E. Farris visits the school every Tuesday afternoon.

HEATH

The Heath softball team played two games last week winning both times. On Tuesday evening they played the 8th Grade at Wainwright with score of 20-5 and on Thursday evening they met Silgo boys on Silgo field. Two more games are scheduled for this week both to be played at Heath.

Mr. and Mrs. Fred Ford and family motored to Edmonton on Victoria Day.

Mr. Steele who has returned from internment camp in Germany and has been speaking at the Youth for Christ meetings in Wainwright will be at Heath this week on Wednesday and Thursday evenings at the Mission hall.

Heath post office is closing Saturday afternoon for the summer months. Our post master has been busy lately planting trees and shrubs around his buildings.

The 24th of May provided the very pleasant holiday with fair weather. Some from the district spent the day at the Vermilion Sports while others were at Clear Lake enjoying the water.

Jerry Rajotte and Jim Steenson have had cabins moved to Clear Lake where they hope to spend the warm weather camping.

Mr. Herbert, Sr., has been busy building a new addition to his home and has had his nephew Allan Herbert helping him for the past week.

Mrs. Bert Ford has received her discharge from the army and has been visiting in the district.

Jack Laughton who has been staying with Mr. and Mrs. Jones left for B.C. last week.

Rev. Brulant of Wainwright was at St. Patrick's Church at Heath on Sunday to hold a Communion service.

Mr. Coutts spent a morning at the school last week.

Don't forget our graduation dance on the 31st at the Gilt Edge Park Hall, everyone welcome.

New...Easy...Low Cost ROOF PROTECTION

with IMPERIAL

ROOF PUTTY FLUX

Here's a new product from Imperial Oil Limited that saves money and serves many useful purposes around the farm! Imperial Roof Putty Flux is the ideal coating for metal or bare top felt roofs... makes them waterproof, protects against the weathering action of the sun's rays, ice and snow. Made from a high-grade asphalt base, Putty Flux is useful, too, for coating the inside of cisterns, water troughs and tanks to prevent leakage.

Easily applied with a roofer's brush, or by hand paint brush on small areas. Comes ready to use, no heating required in normal summer weather. Covers 100-150 square feet per Imperial gallon.

For those Spring "fix up" and repair jobs, ask your Imperial Oil Agent about the new Roof Putty Flux in the handy, economical 5-gallon drum.

GREENSHIELDS

Mr. M. M. Haynes and Lloyd have as their guest, Miss Jean Morrison of Calgary.

Miss Jean Hutchinson of Edmonton is visiting relatives and friends in the district.

A number of district residents motored to Vermilion for the Sports Day on the 24th, while others spent the day at the lake.

Edmonton trippers last week included Mr. and Mrs. R. H. Valleson, Mrs. V. Lindberg, Messrs. H. Pfluger, M. Daniels and R. Morrison.

Mr. F. Peterson had the misfortune of losing his poultry house by fire on May 18th. A number of hens and young chicks were destroyed.

Miss Jean Morrison and Mr. L. Haynes received minor injuries and a bad shaking up when their truck took the ditch near Wainwright on the 24th.

Rev. Mr. Spence was in charge of the service in the hall on Sunday.

SEARLE PRECIPITATION REPORT No. 3

The total moisture condition for the three prairie provinces combined has declined another 3% during the past week.

The total all-round figure, including stubble and summerfallow, and for the three provinces, now stands at 83% of normal, compared with 86% last week and 92% at this time a year ago. The total rainfall condition for Alberta now stands at 79% of normal, compared with 83% last week and 80% a year ago.

In Alberta Crop Districts 6 and 13 still show a normal condition, with all other Crop Districts less than normal.

In spite of the over-all lack of moisture, there is not one single Crop District in the three Prairie Provinces which at the moment can be said to be seriously lacking in moisture. In 1939 and 1944, both of which years enjoyed a better than average yield to the acre, the condition at this time was as poor as it is today, and we notice that the good rains which supplied ample moisture in those years did not start until May 21st. There is, therefore, ample time for the present lack of moisture to be made up providing good rains soon start to fall.

INFANT FEEDING

Babies are not exceptions to the common-sense rule that "enough is as good as a feast." Nutrition Division, Department of National Health and Welfare, Ottawa, reminds parents that this is particularly true in the case of feeding. Over-feeding of infants may cause colic, constipation and a host of other ills. Mothers of young children should obtain guidance from their family physician or baby feeding as well as on all phases of infant care.

Present-day man lives twice as long as his ancestors. He has to in order to pay his income tax.

WAINWRIGHT, WEDNESDAY MAY 29th, 1946

THE RESULT OF THE GENERAL MOTORS STRIKE ANALYZED

There has come to hand a sheet of paper with a few facts relating to the recent General Motors strike which lasted 113 days. These facts are not published by either the union or the Corporation, but by an uninterested fact finding commission, therefore, it would seem that they were authentic.

Again we say things like strikes and lock-outs do not affect us directly in Wainwright, but they do affect Canada, and in that way do to a certain degree affect us.

The general motors strike was called by the union on November 21st, 1945 and after 113 days of enforced idleness, was settled on March 13th, 1946. Remembering that it was 175,000 employees that were on strike, just imagine how the purchasing power of the city of Detroit or Oshawa was reduced. 175,000 employees would make a city 1 1/4 the size of the city of Edmonton.

Among other things the strike was called for, the main reason was an increase in the rates of pay were demanded. The Union held out for a 30% increase, while at the very start, the Company offered them 12% increase. Breaking this down into terms of dollars and cents, it means the union were demanding 19% an hour increase, while the company offered 13% increase. After 113 days of idleness the union and company finally agreed upon an 18% hourly increase. The G.M. offer of 12% increase would have meant an average weekly wage of \$63.44 for a 45 hour week to each worker. The average weekly wage at each worker at the 18% increase will now amount to \$65.72, leaving a small difference in contrast to what was offered by G.M.

What might look as a gain on the surface sometimes can be a total loss when the facts are revealed. In this case it might be so.

Remember: the union did finally obtain within 10 per hour of the increase they wanted—after 113 days of lost take-home pay to the employees.

Actually by winning the five cents per hour increase over what the company offered, the workers each lost 16 1/2 weeks of employment with a resulting wage loss on the average of \$1,021.38 in wages to each person. By careful figuring, and here is where the rub comes, on the basis of the five cents per hour that union did finally obtain, it will take each worker a little over eight years of steady employment to make up the lost wages that he didn't receive in the form of \$1,021.38.

Besides this loss to the employees, the merchants in Detroit tell of heavy cancellations for orders for new refrigerators, radios, washers, vacuum cleaners, family automobiles, and many other household appliances that we have all waited for during the past few years. This lost revenue to the national economy can if let repeat itself have only one effect on us, and that is the one of depression.

The indirect cost to workers not actually on strike, but who lost employment because of the strike cutting deeply into production of other goods, is firmly reflected in the big number of workers who were forced to fall back on personal savings and to go on to Unemployment Insurance Benefits. Investment houses report that great numbers of Victory Bonds were cashed during the 113 days of the strike. This is bad for any nation that is trying to stabilize its economy and ward off inflation.

If the wage concessions ultimately won by G.M. employees, increase the price of automobiles produced by General Motors, and so contribute to an inflationary trend in the prices of all things that we must buy, then the workers lost part of their pay gains as compared with taking the company offer that did not involve car price increase. Perhaps the (the employees and Union) have lost most of their gains for higher prices have kept pace with higher wages in the United States and Canada. History shows sadly and conclusively that in a race of this kind, labor can't win.

While we would not have anybody take this editorial as an argument for labor to accept the offers of industry, whatever the offers might be it does show that in union generalship the cost of winning an objective should be worth the heavy sacrifice and even an apparent victory can be a loss when the complete costs are taken into account.

There is an old military maxim that states, "the objective should always be worth the cost of taking it." In this case we are inclined to believe the cost too heavy in comparison of the advantages gained.

READY MONEY FOR THE GO-HEAD FARMER...

Although you may be short of ready money, you can now pay cash for that machinery or equipment for which you have waited. Buy for cash—and save, by means of a bank loan. See your nearest B.M. manager today. Ask or write for our folder "Quits for a Go-ahead Farmer."

National Clothing Drive Early In June

"The devastation and want is on so vast a scale in Europe as to be almost beyond our comprehension," was the comment that William M. Birks, National Chairman of the Canadian Allied Relief campaign for used clothing, made on reading some of the reports received from relief workers. "Millions are now inadequately clad for winter weather for health and for self-respect, and relief workers are doing their utmost with the supplies at their disposal to alleviate the suffering of the destitute, homeless, and hungry people. That is why the Canadian people are being asked to go through their wardrobes and clothes closets once more to see what Canada can do to help. The National Clothing Collection, which has the fullest support of the Canadian Government, will take place from June 17th to June 28th, and I am confident that, with the well-known generosity that is so characteristic of the Dominion, its objective will be achieved.

"In the face of invasion, scarcity and ruin these people in Europe whose courage and tenacity helped the Allies to win victory over the enemy, have not the means and no hope of obtaining the means to buy what little new clothing there is available.

"They ask that we only give a small part of our substance so that they may live to start their own lives anew. They are of every age and from every walk of life, and they need clothes for survival.

"Everything is needed—coats, suits, trousers, dresses, shirts, sweaters, knitwear, pyjamas, shoes and over-shoes, in fact everything that you and your family wear. The gift of a coat and of shoes tied in pairs makes the difference between despair and renewed faith."

Local committees, as in the October collection, which provided over 12,000,000 pounds of serviceable used clothing as Canada's gift to nearly a million and a half families, will be formed, it is hoped, in every community, who will arrange for temporarily storing the clothing donated pending shipment to regional warehouses where it will be sorted and baled for shipment overseas.

Many letters of thanks have been received by Canadian donors who enclosed their names and addresses with their gifts last year. This year they will not only be able to give their addresses, but they will be permitted to enclose, in a pocket of a garment, a message of goodwill. The gift will thus take on a personal character, and as such will do much to build up the morale of the recipient. The knowledge that someone in Canada is not only thinking of them, but is taking a practical means of showing their sympathy with them in their distress will mean much to people who have endured the sufferings of war for so many terrible years.

World Of Wheat
PRICE JUSTICE AND THE FARMER
The Hon. Humphrey Mitchell, Minister of Labour, has just issued an open letter to Canadian workers which shows how well the prices of agricultural products have been held down so that the workers could have cheap food. Mr. Mitchell shows that the prices of butter, eggs, sugar, bread and milk today average 46.5% less than they were in the year 1920, after the first Great War. The Minister further informs labour that prices cannot be kept under control unless wages, too, are kept down.

Mr. Mitchell, however, omits one important figure in his statement which shows that wages, which govern the cost of the things farmers and others have to buy, have not been kept down; for the fact is that today, according to the official statistics of the Government, the average hourly rates of industrial labour have actually risen by 30% from the year 1920. So we see that while the prices of farm products, which labour enjoys, are today 46.5% lower than wages that industrial labour has received are actually 30% higher than in 1920. This, of course, is an injustice to our farmers, and it is no wonder that farmers and their true friends are beginning to assert that farmers are justly entitled to price increases for their wheat and other products that will bring these prices somewhere near the level of the hourly wages now enjoyed by industrial labour.

ITEMS OF INTEREST IN THE WORLD OF FOODSTUFFS

The U.S.A. winter wheat crop is now officially forecast at 742,887,000 bushels, compared with the prospect of 630,696,000 bushels a month ago. Crops in some areas of Spain and Portugal have been damaged by floods. The wheat crop in Greece is estimated at 10 to 15 percent less than the pre-war average.

The Dominion Government reports that the intended acreage for wheat in the prairie provinces this year is 25,831,000 acres, an increase of 3,265,000, or 13% over 1945—Widespread rains in the Danube Basin have stopped fears of a destructive drought in Bulgaria—Reports indicate that the French wheat crop is comparable to pre-war harvest.

HEALTH

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

TWO MORE PROVINCES APPROVE PREMARITAL SEROLOGICAL TESTS

Prince Edward Island and Manitoba have joined with Alberta, Saskatchewan and British Columbia in enacting premarital health examination legislation which provides for a blood test for syphilis. The Alberta and Saskatchewan Acts were proclaimed last year, while the B.C. law, enacted in 1935, is still awaiting proclamation.

The Prince Edward Island legislation—a separate Act in itself—comes into effect July 1, while the Manitoba Act, in the form of an amendment to the Marriage Act, will be proclaimed at a date to be decided later.

The Act approved by the P.E.I. legislature provides that all persons intending marriage shall, within a specified period, submit to such a premarital examination and shall supply the name of the other marriage partner.

If either partner is found to be affected by syphilis in a probably communicable stage or condition the

other is to be notified. Further, no minister shall issue a marriage license or shall any clergyman publish the banns of a marriage unless both parties produce proof they have complied with provisions of the law in this respect.

As for non-residents intending marriage within the province, the Chief Health Officer may accept a certification signed by a physician qualified to practise in any province or area outside P.E.I. provided that he is satisfied of the sufficiency of the blood test and clinical examination supporting such certification.

The amendment to the Manitoba Marriage Act provides for a blood test in each premarital medical examination, with reports on the test to be supplied the person concerned, through his or her physician, and to the Provincial Director of Preventive Medical Services. No person shall solemnize a marriage unless each of the parties concerned has delivered to him the required health certificate, which certificate, with the marriage licence attached, must be forwarded to the Provincial Health Department.

Linked with the Prince Edward Island legislation is the "Venereal Disease Prevention Act"—recently proclaimed—which provides for compulsory submission to treatment for persons with venereal disease. Also, the Chief Health Officer of the province may enter any premises for the purpose of making inquiry and ex-

amination with respect to the state of health of any person on the premises. Appropriate action may be taken if any person on the premises is found to be suffering from a venereal disease.

Hints for the Household

FOR THAT PIE COMPLEX

Don't worry about the sugar shortage with pleasure at the thought as some of your pie problems are concerned.

Perhaps you still can't make many of your favorites, but here's a recipe for a pie that will please the ladies of your sewing circle, the children of the family—and yes, even the man of the house with his "pie for dessert" complex. What more could be asked of any recipe?

Coffee Cream Pie
1 package prepared vanilla pudding; 1/4 cup milk; 1 cup coffee; 1/2 cup cream, whipped; 1 baked 9-inch pie shell per crumb crust.

Place pudding powder in saucepan. Add liquid gradually, stirring constantly. Cook and stir over medium heat until mixture comes to a boil and is thickened. Chill. Then fold in whipped cream. Turn into pie shell. Chill. Serve plain or with whipped cream.

Spring Garden Salad
1 package lime or lemon-flavored gelatin; 2 cups hot water; 2 tablespoons vinegar; 1/2 teaspoon salt; 1/4 cup sliced radishes; 1 tablespoon finely sliced scallions.

Dissolve gelatin in hot water; add vinegar and salt. Chill. When slightly thickened, fold in radishes and scallions. Turn into mold. Chill until firm. Unmold on crisp escarole. Garnish with sliced hard-cooked eggs and whole radishes. Makes 4 to 6 servings.

PLANNING BETTER MEALS.
Aim to serve satisfying well-balanced meals every day, using Canada's Food Rules as a guide.

Plan meals for at least two or three days in advance—a week is even better. Think in terms of the five food groups rather than of individual foods so that if some are not available you can substitute others from the same group.

Avoid monotony in your meals by varying the ways you cook and serve food. Follow up-to-date cooking techniques for good tasting, attractive-looking meals—usually a well-balanced meal is an appetizing one.

Plan meals which can be easily prepared with the help available. Fancy foods usually take too much time in preparation.

Contrast Needed
Vary colour, texture and temperature of foods in the meal. Colour attracts the eye and adds interest to the meal. Avoid clashes of colour—for example, do not serve beets, tomatoes and radishes together. Texture contrast between soft and crisp foods often means the difference between a mediocre and a superb meal. Serve hot foods hot; cold foods cold. Create contrast in the meal by interspersing cold dishes with a hot one or by serving something cold, in a meal otherwise composed of hot dishes.

Plan menus so that meat or other food left from one meal may be attractively served at another. If possible, allow several meals to elapse before left-over foods reappear. Avoid serving any food twice in a single meal. If it is to be served twice in the same day, vary the form in which it appears. Staple foods, such as bread and butter, are exceptions. Season well. Seasonings should bring out the natural flavours of a food, not mask it, but judicious seasonings makes the simplest food a treat.

Stretching Food Dollars
1. Keep shopping lists and shop regularly. This saves time and money.
2. Keep nutritional values in mind in making your food purchases. Price by no means indicates food value.
3. Keep up with the current food situation. Listen to the radio and watch the newspaper for food information and market reports.
4. Buy foods which are most plentiful.

5. Buy fruits and vegetables in season when most reasonably priced.
6. Check over all foods on hand before buying additional supplies.

7. Make sure you are getting good value and need what you buy.
8. Buy by weight or quantity—never ask for "so many cents worth".
9. Buy staples in quantities for several meals. This does not mean hoarding.

10. Remember that cheaper cuts of meat are as nutritious as steaks and chops. Be sure you get bones and trimmings you pay for. Beef and pork liver are as good for you as calves liver.
11. Compare prices and quality of bulk and packaged foods. The former are usually cheaper but often require more care in storing. See folder "Cereals and Their Uses".
12. Buy by grade when possible and buy the quality best suited to your needs.

13. Read the labels on canned and packaged foods. The label tells you "what" and "how much" you are buying.

Growing of Beet Sugar

Announcement by the Ontario Minister of Agriculture, Col. Kennedy, that the government will continue the bounty on beet sugar and that an increased acreage is called for, is a reminder that the growers in the United Kingdom produced sufficient beet sugar to supply the rationed supply of nearly 50,000,000 people during the war years. That is an astonishing fact. It was promoted because of the lack of shipping, and the producers had to do that or make the nation practically go without. It was a case of "Needs must where the devil drives," and while there may be economic reasons why Canada cannot, or does not grow sufficient for a higher ration for 12,000,000 people, it invites speculation why we with our vast area and millions of acres of uncultivated land, could not do better. Everything possible should be done to improve the sugar content of the beet, because the higher the content the better the price and the less need there will be for subsidies.

Alberta produced most beets last year, the yield being 862,000 tons from 30,500 acres, an average of 11.9 tons per acre. That was easily the best result in Canada. The aggregate production in the Dominion in 1945 was 418,010 tons from 38,861 acres, and the objective for 1946 is 90,000 acres.

Incidentally, the United States crop last year was 8,638,000 tons from 718,000 acres.

Surely Canada can beat 90,000 acres.

PENICILLIN NOW ELIMINATES MASTOID OPERATION

The successful use of penicillin by the United Kingdom doctors in the treatment of mastoid is reported in the London Press. Application during the early stages of the illness is stated to have very good results, eliminating a difficult and dangerous operation which was formerly the only remedy. Penicillin is given for mastoid in normal injections into the bloodstream. Recently a nine-month-old baby was cured with sixty-six penicillin injections. She was treated for only three weeks. Dressings of the wound after the operation formerly lasted from six to nine months. Mastoid is an infection of the bone behind the ear which contains many cells. The bone is very close to the brain.

fore buying additional supplies.

7. Make sure you are getting good value and need what you buy.
8. Buy by weight or quantity—never ask for "so many cents worth".
9. Buy staples in quantities for several meals. This does not mean hoarding.

10. Remember that cheaper cuts of meat are as nutritious as steaks and chops. Be sure you get bones and trimmings you pay for. Beef and pork liver are as good for you as calves liver.

11. Compare prices and quality of bulk and packaged foods. The former are usually cheaper but often require more care in storing. See folder "Cereals and Their Uses".
12. Buy by grade when possible and buy the quality best suited to your needs.

13. Read the labels on canned and packaged foods. The label tells you "what" and "how much" you are buying.

A scoundrel is a man who does what you would probably do if you were in his position.

SATISFACTION GUARANTEED

WE WALK THE Middle Road

We are a fortunate people. We walk the middle road.

Through our Government's wise measures of control, we have, by resisting the temptation to rush after luxuries, been able to enjoy them in moderation. We have, by keeping

necessities at the top of our buying lists, kept the prices of both necessities and luxuries at the bottom.

Hardly another nation in the world today can point to so fine a record.

Yes, we are a fortunate people because we walk the middle road—the road of moderation in all things—in our thinking, in our actions and in our pleasures.

In the years of greater abundance, which are so surely ahead, The House of Seagram believes that moderation, as always, will continue to be a quality essential to the welfare of the nation—and the individual.

EXPLORERS NOTES

Twenty-eight Explorers and ten cubs met with their leaders in the basement of the Presbyterian Church on Wednesday evening when Corporal Beeching of the R.C.M.P. was the guest speaker.

The meeting opened with a singing after which Corporal Beeching gave a very interesting talk much enjoyed by all. Lunch was served and the meeting closed with "God Save The King."

On Sunday, June 2nd, the Explorers are taking charge of the evening service. Parents of the girls are especially invited to attend.

START ON MOVIE

Jasper Park, Alta.—Large scale operations are underway at three points on the continent in preparation for filming Paramount's "The Emperor Waltz," indicating magnitude of the technical production that started shooting on May 24 here, 2,000 miles from Hollywood.

First advance party has arrived in Jasper. Joan Fontaine will co-star with Bing Crosby. Roland Culver will also appear in the picture. Many of the scenes which will be filmed will require four cows, three pigs, twelve chickens, six geese, a team of oxen and a number of horses. These animals will fill minor, but nevertheless important, roles in the picture.

Three weeks filming is planned at various sites in Jasper National Park, after which the company returns to the studio for interiors.

COOKING VEGETABLES

Vegetables are a cheap source of
Vitamin and mineral—essential to
good health. Nutrition experts of the
Department of National Health and
Welfare, Ottawa, give this advice: to
get the best in value and flavour
from vegetables, buy them often and
store them carefully, cook them quickly,
and, of course, eat them daily, as soon
as they are ready.

"Fashions by Canada", a National
Film Board production, points to the
fact that Canada has a fashion in-
dustry of its own, which can com-
pare favourably with that of other
countries.

We understand the local golf
course is being put into shape and
now no doubt we will see the enthu-
siasts out chasing the elusive ball.

Saturday, June 1st

AT 8:00 P.M.

for the purpose of discussing

the new Draft Constitution of

the Reorganized Alberta

Federation of Agriculture.

All members make an effort

29-5 to attend!

PLACARDS WARN CAR

DRIVERS OF GAS FUMES

For some time the Alberta Motor
Association has been sounding a
warning to car drivers of the dan-
gers of deadly carbon monoxide fumes.
The death toll each year is due in no
small degree to this menace.

A fight against "The Creeping
Killer" has been initiated by the pro-
vincial government in Manitoba.
When each car owner receives his
license plate, he is given a placard
which may be placed in the garage of
the owner, warning car owners of
the dangers of carbon monoxide. It
is a practice that might well be
adopted in Alberta.

The placard says: "Be on guard for
carbon monoxide, the 'Creeping Kil-
ler'! In a closed private garage, it
takes a car engine about three min-
utes or less to produce enough carbon
monoxide to cause quick or sudden
death."

"Therefore, open all doors before
starting the car. Run car out of
garage as soon as possible. Warm
engine up outside."
"Beware of carbon monoxide inside
this car. Have exhaust system check-
ed at once for leaks and defects. Re-
peat this check every six months.
You can't afford to take a chance.
Beware of carbon monoxide."

The brain is a wonderful organ. It
starts working the moment you wake
up in the morning and never stops
till you reach the office.

PUBLIC SALE OF LANDS UNDER THE TAX RECOVERY ACT.

R.S.A., 1942

MUNICIPAL DISTRICT OF WAINWRIGHT, No. 61

Notices is hereby given, that under the provisions of The Tax Recovery
Act, the following lands will be offered for sale by public auction, to be held
at the office of the Secretary-Treasurer of the Municipal District of Wain-
wright, No. 61, at Wainwright, Alberta, on Thursday, the 13th day of June,
1946, at 2 o'clock in the afternoon.

Each parcel will be offered for sale subject to the approval of the Min-
ister of Municipal Affairs, and subject to a reserve bid, and to the reserva-
tions contained in the existing certificates of title.

TERMS, cash.

Redemption may be effected by payment of all arrears of taxes and
costs, at any time prior to the sale.

Dated at Wainwright, Alberta, this 15th day of April, 1946.

CHAS. WILBRAHAM,
Secretary-Treasurer.

(Extract from The Alberta Gazette of April 30, 1946.)

WARNING TO FARMERS !

You May Be Directly Affected
By Coal Strikes

BECAUSE—

- Eastern industrial consumers may be forced to
use Alberta supplies intended for local use next
winter.
- Insufficient storage facilities prevent further
increase of reserve stocks by distributors.
- Consumer stocks are already depleted beyond
recovery—winter shortage inevitable.

Save worry and discomfort later—
Order your winter coal immediately.

CONTACT YOUR LOCAL U.G.G. AGENT NOW—

WHILE COAL IS STILL AVAILABLE

AT THE SAME TIME—GET YOUR

1946 DELIVERY PERMIT

UNITED GRAIN GROWERS LTD.

WAINWRIGHT SCHOOL DIVISION
